**Subject:** DRAFT EPA Region 6 comments on the Texas Railroad Commission's proposed induced seismicity regulation  
**Attachments:** DRAFT letter on RRCs proposed regs Sept 2014.docx

Hello Gil,

Attached is a DRAFT letter containing our comments on the Texas Railroad Commission's proposed induced seismicity regulation.

Do you have a preference concerning whom we should address the letter to: Bill to Mr. Rister; Bill to you; me to you?

Also, are there specific docket and formatting requirements for submitting official comments on the proposed rule or do you prefer the letter format?

Thanks for your assistance and for your hospitality during our meeting last month.

Regards,  
Jim Brown

James R. Brown, P.G.
